EXPERIENCE

JUNE 2015 – OCTOBER 2015

Swiss Mobility Solutions, a Gemalto company
QA Engineer

In this company I was a member of the Quality Assurance team, so I perform tasks that are vital to give the nod to the product so that it can deliver to the customer. These tasks are to test that everything works correctly according to customer specification. I also make small 'scripts' in Python to help me and help workmates to perform the tasks of testing.
